All-

Please find enclosed results and a note from Vulcan's recent sampling of Well 4909F. EPA also requested Vulcan to sample LADWP Well 4909C, which lies at the southeast corner of the former Hewitt Landfill property. Vulcan did not sample this LADWP well as: 1) permission was not obtained from LADWP to sample this well, and 2) the well's current condition renders such sampling impossible (see Haley & Aldrich note attached). Please contact our office with questions or comments.
